FOR IMMEDIATE RELEASE

### **CURLY PINE 3D SEISMIC SURVEY ACQUISITION COMPLETED IN ALABAMA**

On March 8, 2012 Fairways Exploration & Production, LLC ("Fairways") completed its proprietary 3D Curly Pine seismic survey. Due to the combined efforts of the Fairways team and its contractors, the project was completed significantly ahead of schedule and under budget. Fairways expects to complete processing by October 2012 and preliminary interpretation by January 2013 with drilling to commence shortly thereafter.

Fairways is a privately-held company focused on high-impact exploration and development of onshore oil and natural gas reserves in the lower 48 states.
