VOGEL 3D ACQUISITION COMPLETED IN NEBRASKA

On March 3, 2012 Fairways Exploration & Production, LLC ("Fairways") completed the Vogel 3D seismic survey. Due to the superb performance of the Fairways team and its contractors, the project was completed significantly ahead of schedule and under budget. Fairways expects to complete processing by May 2012 and preliminary interpretation by August 2012 with drilling to commence shortly thereafter.

Fairways is a privately-held company focused on high-impact exploration and development of onshore oil and natural gas reserves in the lower 48 states.
